

SAFE SHIPYARD – YOUR PARTNER IN SHIP REPAIRS & MAINTENANCE

About Us

SAFE Co. Ltd, based in Gdańsk, Poland, has been delivering professional ship repair and maintenance services since 1989. With a highly skilled team and modern infrastructure, we serve shipowners from across Europe, offering reliable solutions for both scheduled overhauls and emergency repairs.

Key Capabilities

- **Floating dock** – 150 m long, 24.7 m wide, lifting capacity of 6,000 tons (PRS class)
- **Max vessel dimensions** – up to 120 m length, 21 m beam, 4.3 m draft
- **Alongside repairs** – vessel berthing at quay: up to 4.8 m draft (quay side) or 6.5 m draft (with spacer pontoons)
- **Berthing capacity** – 300 m total quay length, 1 x 30 t crane
- **Strategic location** – centrally positioned in the Port of Gdańsk, ideal for Baltic and North Sea traffic
- **Comprehensive services** – steel works, hull treatment, machinery, piping, hydraulics, refrigeration, insulation, conversions

Our Services

- Dry-docking, class surveys, and emergency repairs
- Hull and tank cleaning, sandblasting, and painting
- Installation of Ballast Water Treatment Systems and scrubbers
- Tailored maintenance agreements
- Pre-docking inspections and condition reports
- Full mechanical overhauls: engines, generators, shafts, steering gears
- Electrical system upgrades, navigation systems, accommodation refurbishments

Our Repair Department Expertise

With over 800 completed repairs, including 16 vessel extensions and conversions for clients from Poland, the Netherlands, Germany, Norway, the UK, Iceland, Denmark, and more, our team is experienced in meeting the highest industry standards.

We specialize in:

- **Hull works** – construction of hull sections, steel replacement
- **Surface treatment** – high-pressure water cleaning, sandblasting, painting
- **Piping** – steel, stainless, copper, plastic piping installation and renewal
